

Map and Driving Directions

Take Highway 395 until you reach the Mt. Rose Hwy Exit just South of Reno. (Highway 431 to Incline Village) Continue Westbound approximately 15 miles. After you pass the Christmas Tree restaurant on your left you come to a 20 MPH hairpin turn to your left. There will be an N-DOT Maintenance Station on your left. In about one eighth of a mile you will see a green Sky Tavern Ski Area and Conference Center sign on your right. **Do not attempt to enter the parking lot here, the gate will be closed!** Instead, continue on about 100 yards on the highway until you see a building signed, "Mt. Top Sports" on your right. Turn right on the road right before the shop signed "Bum's Gulch Road". Drive approximately 100 yards and take your first right into the Skytavern Lower Parking lot, keep your eyes open for the large white Project Discovery sign at the entrance to the parking lot. Enter the parking lot through the open gate. In the Southwest corner of the lower lot you will see some flags and a sign designating this as the Project Discovery parking area. Please park your vehicle on the pavement and walk in a minute or so to the Challenge Course on the path provided. Look for us setting up the course. The course is located about 1.5 miles downhill of the main Mt. Rose Ski Area entrance.

Note: This map is a cartographer's nightmare and is in no way to scale. Please be sure to read the written instructions at the top of the page
